If You Forget Your Password...

* Security question:

* Your answer:

When done, remember to **write down your username and password.**

Your username will be the first part of your yahoo email address.

Example- your email address is yourname@yahoo.com ; your username will be "yourname" and the password will be whatever you set when you created your email account.

That's it! You now have a free email account you may use from any computer connected to the Internet!
